

'Shop Local and Stay Safe' this Christmas

East Suffolk Council 'Shop Local and Stay Safe' campaign aims to reassure the people of East Suffolk that there are robust safety measures in place in our town centres and encourage them to support local independent businesses.

At the time of writing COVID restrictions are in place across the UK, with new rules for everything from meeting friends to going to the shops. For the latest guidance <https://www.gov.uk/coronavirus>.

Local independent businesses have had a challenging year so why not take time this Christmas and 'Shop Local' for all your essential and non-essential items.

Reading this on a cold, blustery winters day? Browse the Websites and Facebook pages of our local businesses in search of that special gift or inspiration.

(Please note: This information has been taken from a variety of online sources and is work in progress. We apologise for any omissions or errors. Every effort has been made to include businesses in Felixstowe and Walton. Please let us know of any changes you would like made by emailing felixstowe.forward@east Suffolk.gov.uk. Thank you.)
